DATA ANALYSIS USING PYTHON TASK LIST

Internship Program

4-Week Practical Learning Program

ABOUT US

AUSPIFY
Bring Future Through Tech

Auspify Technologies is a technology and training platform dedicated to helping students build industry-ready skills through internships and project-based learning.

We bridge the gap between academics and industry by providing practical experience, real-world projects, and hands-on training.

Our focus is on empowering learners with the knowledge, confidence, and professional skills needed to succeed in their careers.

Learn • Build • Grow

INTERNSHIP OVERVIEW

AUSPIFY
Bring Future Through Tech

A 4-week remote internship program designed to provide practical learning, real-world project exposure, and industry-relevant skill development.

Features :

- Flexible Learning Schedule
- Hands-On Tasks & Projects
- Beginner-Friendly Structure
- Portfolio Building Support
- Industry-Oriented Experience

Open To: Students, Freshers, Self-Learners & Aspiring Developers

PROFESSIONAL GUIDELINES & SHOWCASE

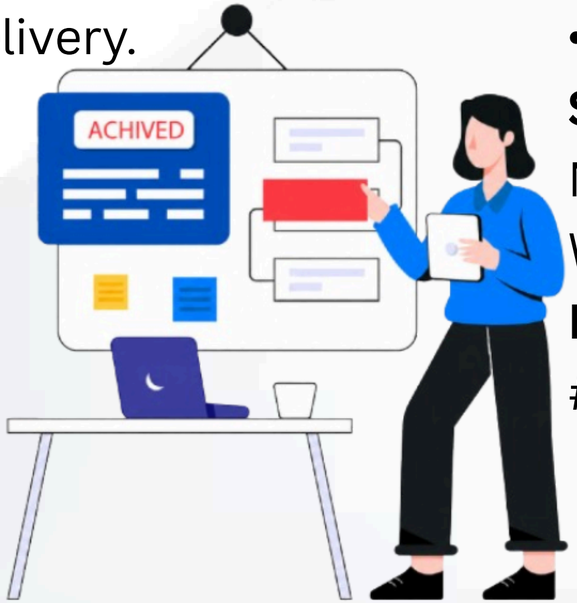

Professional Guidelines :

• Complete assigned tasks responsibly and within deadlines.

• Ensure all submissions are original and plagiarism-free.

• Maintain organized folders for each task and project.

• Follow professional standards in communication and project delivery.

Professional Showcase :

Interns are encouraged to share their internship journey and projects to build a strong professional presence.

Benefits :

• Strengthen Your Portfolio

• Increase Professional Visibility

• Demonstrate Practical Skills

• Expand Networking Opportunities

Share : Project Screenshots, Demos, Milestones, Learning Achievements, and Project Walkthroughs.

DATA ANALYSIS USING PYTHON

Task List

Welcome to our Data Analysis Using Python Internship Program!

Throughout this internship, you will work on 6 practical Data Analysis using Python tasks designed to enhance your data analysis, visualization, and problem-solving skills using Python and industry-standard analytical tools. To successfully complete the internship, you need to **finish any 4 out of the 6 tasks** based on your interests, skills, and learning goals.

Task 1 (Easy) – Netflix Data Cleaning & Preparation

AUSPIFY
Bring Future Through Tech

Description : Prepare and organize the Netflix dataset for business analytics and reporting.

Task Workflow

Step 1: Import the dataset using Python and Pandas.

Step 2: Identify and handle missing values.

Step 3: Remove duplicate records and formatting inconsistencies.

Step 4: Standardize columns such as Country, Rating, and Type.

Step 5: Export the cleaned dataset for analysis.

Skills You Will Learn

- **Pandas Fundamentals**
- **Data Cleaning**
- **Data Preprocessing**
- **Data Quality Management**

Key Features

- **Data Import**
- **Missing Value Handling**
- **Data Cleaning**
- **Dataset Preparation**

Task 2 (Easy) – Content Type Analysis Dashboard

AUSPIFY
Bring Future Through Tech

Description : Analyze the distribution of Movies and TV Shows available on Netflix.

Task Workflow

Step 1: Load the cleaned dataset.

Step 2: Calculate the total number of Movies and TV Shows.

Step 3: Create visualizations for content distribution.

Step 4: Compare content proportions.

Step 5: Summarize key findings.

.

Skills You Will Learn

- **Data Visualization**
- **Matplotlib**
- **Seaborn**
- **Exploratory Data Analysis**

Key Features

- **Content Analysis**
- **Charts & Visualizations**
- **Distribution Insights**
- **Summary Report**

Task 3 (Medium) – Country-Wise Netflix Content Analysis

AUSPIFY
Bring Future Through Tech

Description : Analyze Netflix content availability across different countries.

Task Workflow

Step 1: Extract and clean country information.

Step 2: Calculate content count by country.

Step 3: Identify top content-producing countries.

Step 4: Create charts and rankings.

Step 5: Generate business insights.

Skills You Will Learn

- **GroupBy Operations**
- **Data Aggregation**
- **Business Analytics**
- **Visualization Techniques**

Key Features

- **Country Analysis**
- **Ranking Reports**
- **Geographic Insights**
- **Data Visualization**

Task 4 (Medium) – Trend Analysis by Release Year

AUSPIFY
Bring Future Through Tech

Description : Analyze how Netflix content production has changed over time.

Task Workflow

Step 1: Organize content by release year.

Step 2: Calculate yearly content releases.

Step 3: Identify growth and decline trends.

Step 4: Create trend visualizations.

Step 5: Interpret business patterns.

Skills You Will Learn

- **Time Series Analysis**
- **Trend Identification**
- **Data Interpretation**
- **Reporting**

Key Features

- **Yearly Trend Analysis**
- **Growth Tracking**
- **Historical Insights**
- **Trend Visualization**

Task 5 (Advanced) – Content Rating & Genre Analysis

AUSPIFY
Bring Future Through Tech

Description : Examine content ratings and genres to understand audience targeting.

Task Workflow

Step 1: Analyze rating categories.

Step 2: Identify the most common genres.

Step 3: Compare ratings across content types.

Step 4: Create interactive visualizations.

Step 5: Present audience insights.

Skills You Will Learn

- **Advanced Data Analysis**
- **Feature Exploration**
- **Visualization Design**
- **Insight Generation**

Key Features

- **Rating Analysis**
- **Genre Analysis**
- **Audience Segmentation**
- **Comparative Reporting**

Task 6 (Advanced) – Netflix Business Insights Report

AUSPIFY
Bring Future Through Tech

Description : Create a comprehensive business intelligence report from the Netflix dataset.

Task Workflow

Step 1: Perform complete exploratory data analysis.

Step 2: Identify key content trends and patterns.

Step 3: Develop multiple visual dashboards.

Step 4: Generate actionable business insights.

Step 5: Prepare and present the final analytical report.

Skills You Will Learn

- **End-to-End Data Analysis**
- **Business Analytics**
- **Dashboard Development**
- **Data-Driven Decision Making**

Key Features

- **Business Intelligence**
- **Data Storytelling**
- **Dashboard Creation**
- **Executive Reporting**

AUSPIFY
Bring Future Through Tech

INTERNSHIP OVERVIEW

Project Submission Process:

Interns are required to submit the following:

- Project Source Code
- Screenshots of Completed Tasks
- GitHub Repository Link (if available)
- Project Demonstration Video (optional)

A submission form or portal will be shared separately for final evaluation and project verification.

EVALUATION CRITERIA

Project Evaluation Parameters:

Projects may be evaluated based on:

- Task Completion
- Code Quality
- Website Responsiveness
- User Interface Design
- Creativity & Implementation
- Professional Presentation
- Project Functionality

AUSPIFY
Bring Future Through Tech

CERTIFICATION

Internship Completion Recognition

- Internship Completion Certificate
- Project Completion Recognition
- Internship Experience Acknowledgment

Certification eligibility depends on:

- Successful task completion
- Proper project submission
- Basic project verification
